COVERAGE / REIMBURSEMENT

DESCRIPTION OF PERSONAL AND ASSISTANCE COVER

If you are sick, injured or you die on a covered trip, we take action under the following conditions:

If a waiting period is applicable (see ART 1 DEFINITIONS / Waiting period), the following will be acquired after a 15 days period.

**MEDICAL REPATRIATION**

You are sick or injured, during a covered trip.

We organise and take care of your medical repatriation:

- either to a hospital service better equipped or specialised in your country of destination or in a neighbouring country,
- either to a hospital service near you in your country of origin.

Only medical requirements are taken into consideration in order to fix the date of repatriation, the choice of means of transport or the place of hospitalisation.

The repatriation decision is taken by our medical adviser, after consulting the visiting attending physician and possibly the family doctor.

Any refusal of the solution proposed by our medical team entails the cancellation of the personal assistance cover.

**VISIT OF A RELATIVE**

You are hospitalised at the place of the event and your repatriation cannot be envisaged for 5 days. We cover:

- Round-trip transportation for a person of your choice from your home country to your bedside, on the basis of a 1st class train or an economy class plane ticket.
- Accommodation costs for this person, up to € 80 per night including taxes, until the date of repatriation, and for a maximum of 10 nights.

Meals remain the responsibility of this person.

**CONTINUATION OF A CUTTED SHORT STAY**

We organised your medical repatriation and your medical state of health allows you to travel alone under normal conditions of transport, in full agreement with your doctor and our medical team.

We can organise and cover the return to your destination country, by the appropriate means of transport and according to local availabilities, on the basis of a 1st class train or an economy class plane ticket.

The return must be made within 2 months of the date of the medical repatriation.

MEDICAL AND HOSPITALISATION EXPENSES - (Only abroad)

You are covered for the refund of your hospitalisation expenses and medical expenses prescribed by any medical authority abroad, following a serious bodily injury occurring and recorded abroad during a covered trip in the context of your private or professional life.

When medical or hospitalisation expenses have been incurred with our prior agreement, we will reimburse you for the part of these expenses that are not covered by the insurance companies with which you are affiliated.

We only act once the refunds have been made by the aforementioned insurance companies, after a deductible of € 30 per illness and person and subject to the communication of the original proofs of refund from your insurance company.

If you do not have an insurance company, we will refund you up to the amount indicated below, subject to the communication by you of the original invoices for medical and hospitalisation expenses.

This service ceases from the day Mutuaide Assistance is able to perform your repatriation.

This refund covers the expenses defined below, provided that they concern care received by you outside your country of residence following an illness or an accident occurring outside your country of residence. In this case, we refund the amount of the expenses incurred up to € 200,000 maximum per person including tax with an extension for the SUMMUM formula for the USA, Canada, Argentina, Australia, New Zealand, the People's Republic of China, South Korea, Japan, Hong Kong, Singapore, and Taiwan up to a maximum of € 500,000 per person.

Emergency dental care is supported up to € 153 maximum per person, without applying a deductible.

Expenses giving right to coverage:

Visit, consultation, pharmacy, nursing, medical and surgical hospitalisation costs including medical and surgical fees, in general, any medical or surgical act related to your pathology, ambulance fees or taxi ordered by a doctor for a local trip when abroad, dental care.

This coverage is acquired exclusively under the following conditions:

- The coverage only applies to the costs that have been agreed by our medical service by the communication of a file number to yourself or to anyone acting on your behalf when the validity of the request is established,
- In the event of hospitalisation, except in cases of force majeure, we must be notified of the hospitalisation within 24 hours of the date mentioned in the hospitalisation certificate,
- You must accept any change of hospital centre recommended by our services,
- In all cases, the doctor we have appointed must be able to visit you and have free access to your medical file, in strict compliance with the strictest ethical rules,
- The coverage automatically ends on the date we proceed with your repatriation.

COVERAGE / REIMBURSEMENT

EXTENSION OF COVERAGE: ADVANCE ON HOSPITALISATION EXPENSES (Only abroad)

We can, within the limits of the amounts of care provided for above, advance the hospitalisation expenses to which you have to commit outside your country of residence, with the following cumulative conditions:

- Mutuaide Assistance doctors must judge, after collecting information from the local doctor, that it is impossible to return you immediately to your country of residence,
 - the care to which the advance applies must be prescribed in agreement with the doctors of MUTUAIDE ASSISTANCE,
 - you or anyone authorised by you must formally consent by signing a specific document, provided by MUTUAIDE ASSISTANCE during the implementation of this coverage:
- to take steps to cover the costs with the insurance companies within 15 days from the date of sending the necessary elements for these steps by MUTUAIDE ASSISTANCE,
 - to send to MUTUAIDE ASSISTANCE the refund of sums received in this respect from the insurance companies within one week of receipt of these sums.

Mutuaide Assistance will only be liable, and within the limit of the amount of coverage provided for "hospitalisation and medical expenses", for the costs not covered by the insurance companies. You must provide Mutuaide Assistance with a certificate of non-coverage from these insurance companies within one week of receipt.

In order to preserve our subsequent rights, we reserve the right to ask you or your beneficiaries for a letter committing you to take the necessary steps with regard to the social agencies and repay the sums provided.

Failure to take the steps for coverage by the insurance companies in time, or failing to submit the certificate of non-coverage from these insurance companies to MUTUAIDE ASSISTANCE within the time frames, means you will not under any circumstances be able to use the «medical expenses» service and will have to reimburse the full amount of the hospitalisation costs advanced by MUTUAIDE Assistance, which will launch, if necessary, any and all necessary recovery procedures, the cost of which will be borne by you.

In the event that we advance funds up to the amounts expressed above, you undertake to repay to us the refunds obtained from welfare organisations and health insurance bodies within 3 months of the date of the advance.

EXTENSION OF COVERAGE: MEDICAL AND HOSPITALISATION EXPENSES IN THE COUNTRY OF RESIDENCE

You are affiliated to a social security scheme or a social health organisation in your country of residence, and its organisations refuse to cover the medical and hospitalisation expenses incurred in your country of residence, following the medical repatriation organised by Mutuaide Assistance.

In this case, we can reimburse you for these expenses up to €20,000 including tax per event, for a maximum period of 30 days from the date of repatriation, subject to the communication of the original invoices paid for medical and hospitalisation expenses, and the certificate of refusal to cover the costs of social security contributions.

REPATRIATION OF ACCOMPANYING PERSONS

DEFENSE

The insurer undertakes defence of the Person Insured pursuant to the conditions hereunder.

In the event of a complaint implicating liability covered by the policy guarantees, the Insurer defends the Person Insured in all procedures also concerning the interests of the Insurer. The guarantee is implicated as soon as the damages claimed exceed the applicable excess amount.

Taking over defence of the Person Insured does not imply that the Insurer may refrain from insisting upon all guarantee exceptions of which it was not aware at the time of taking over defence.

Any expenses for such defence shall be borne by the Insurer, without deduction from the guarantee amount for the corresponding damages.

Should the amount for damages exceed the threshold for the corresponding guarantee, the Insurer shall bear expenses for defence in proportion to the guarantee amount according to the compensation to be paid to the injured Third Party.
